It's the fun and innovative learning experience you've come to expect from us! Our summers of adventure foster creative thinking and nurture children's natural zest for life. Campers' days are filled with: music, art, dramatic play, dance, special projects, field trips, outdoor fun, and adventure!

In our safe and structured environment, our caring staff encourages the development of each child's unique strengths. Campers discover their individual talents and interests, explore self-expression and stretch into new experiences in this memorable fun-filled summer program. We design our camp to ensure that every camper has all the ingredients for a great summer.

Campers enjoy a summer that takes advantage of all the wonders of our Aquidneck Avenue home nestled up to Easton's pond. Plus campers explore popular summer activities throughout our lovely Aquidneck Island.

We offer stimulating experiences for ages 3-5 in age-appropriate, small sized groups.
